Subject: Invitation to visit me in the U.S.

Dear Antonio:

I would like to extend this invitation for you to come and visit me in United States for 2 weeks. It sure would be nice to see you along with my Aunt Josefina, Uncle Eduardo and Cousin Eduardo! During your stay we will take a few days and take a road trip to various places such as San Diego and San Francisco. I would also love to take you to Disneyland and give you a tour at Paramount Studios where I've been working for the past 6 years as a producer at The Dr Phil Show (CBS)!

I will cover all of your financial responsibilities including to and from the United States, travel to and from destinations we will visit, meals, and housing. You will be staying with me at my home located at the above-mentioned address when we're not on the road. I will make reservations for motels for our road trip.

You are going to love it! Thanks for making my cousin extremely happy as his partner. And I can't wait to see you!

Love,
